### K-1st Grade

#### Open House is Coming!

July 22nd & 23rd we are having Open House. Please check the school Calendar for important dates!

### 2nd-3rd Grade

#### Supporting Fundraising

All students are expected to participate in our fundraising events - being part of our team efforts helps students & families show pride in their school.

### 4th-6th Grade

#### Science & Math

Our Upper Grade students are so fortunate to have the opportunity to spend their day working on projects & ideas that put them ahead in the content area of Science & Math!

### Field Trips

#### August is Field Trip Decision Month!

Classrooms will be developing their field trip itinerary during the first few weeks of school. Bring in your ideas!

### IN THE NEWS - UPDATES

**H**olsteiner Agricultural School offers students the opportunity to enjoy school and learn by "DOING!" We are excited to have our students develop their academic skills through science experiments, team work, problem solving & agricultural planning and execution.

Gardening provides the opportunity for increasing scientific knowledge & understanding as well as helping student improve literary, numeracy & oral reading skills. Research also indicates - classrooms that incorporate gardening into their daily learning activities also build self-confidence,

resilience & self-esteem in their students! "Gardening Brings Learning Alive!"

Research shows gardening helps students acquire essential skills they need to fulfill their potential in a rapidly changing world & make a positive contribution to their community & to society as a whole!

We can't wait to begin our school year together!
